Description

This test will include registration of a new account. Also, as part of this test, we'll log out from a newly created account.

Inputs:

1. Open **Advantage Shopping Cart** homepage URL.
2. Click the **user icon** in the top menu.
3. Click **CREATE NEW ACCOUNT** link in the pop up screen.
4. Generate fake data and populate the following sections: **ACCOUNT DETAILS**, **PERSONAL DETAILS** and **ADDRESS** fields.
5. Select the **I agree** checkbox at the bottom.
6. Click the **REGISTER** button.
7. Verify New User Name is displayed in the top menu.
8. Logout: Click **user icon** in the top menu and select "**Sign out**" from the top drop down menu.

Expected result:

Registration of a new account should be successful by verifying that New User Name is displayed in the top menu. Next, once you log out you should return to the Homepa
